Knopman DS. Neurology March 12, 2013 80:978-80.

NEWS AND SOCIAL MEDIA

[Our brains, and how they're not as simple as we think](#), by Vaughan Bell – via The Guardian (March 3, 2013)

Neuroscience has entered the public consciousness, and changed the way we talk about ourselves. But much of what passes as knowledge is inaccurate.

[The Hidden Costs of Cognitive Enhancement](#), by Greg Miller – via Wired Magazine (March 5, 2013)

Cognitive neuroscientist Roi Cohen Kadosh (University of Oxford) conducted a study on brain stimulation to boost math abilities, and the problems of and hopes for such procedures.
